THE Company holds by lease, and in fee, about thousand acres of the most select con lands in Western ludiana, bordering both sides of the Wabash river. Maps of these lands may be seen at the office of the Company, in Covington, Ind., at the office of Wm. Dale, No. 25 Park Place, N. Y. City, at the office of Hon. J. R. Coffroth, Huntington, Indiana, and at office of Roach & McDonald, Indianapolis.

A reference to the report of the Hon. David Dale Owen, late State Geologist, will show that these lands are situate in the midst of the finest coal fields of the State, abounding also in salt, fron and other valuable mineral substances. Near the mouth of Coal Creek, where the Company ha equal in quality to the Kanawha. The company thinks it un-necessary to make any other reference to the character of the lands, other than the report and map referred to. \$100,000 of the stock, being 2,000 shares, is proposed by the Company to be offered in the market at one-half its par value, being \$25 per share, for the purpose of aiding the Company in a speedy development of the
